

BLOCK BY BLOCK AI SAFETY AND SECURITY ALLIANCE

Become a founding member organization.

The goal for the AI Impact Forum, **Nov 12–14, 1–4 PM CT: 1,000 people watching together across Chicagoland**, in offices, clubs and community rooms, learning how to put AI to work safely, with people making the decisions.

Andy Babala, CPP
Host · 20+ years in security leadership

WHAT YOUR MEMBERS GET

- **The Forum:** Thu: Run the business · Fri: Protect the people · Sat: Build the systems
- **A watch room hosted by your group;** guests in a room attend free
- **Free office hours** on Zoom, Thursdays 1 PM CT
- **Workshops** from the week of Nov 2: Tue business & real estate · Wed caregiving, prevention & technology · Thu we do the work
- **A spotlight** for your group on the Pure Expertz media platform

WHY PREVENTION, WHY NOW

- **Education first.** Early recognition of escalation before conflict turns into harm, using the Center for Aggression Management approach
- **Safe AI at work and at home:** a written policy, the right tools, a person who signs off
- **Nonpartisan.** No candidates, no endorsements. Neighbors, owners and leaders, block by block
- Your group keeps its own members, events and relationships. Nothing here competes with you

1 • Host one room

Your office, club or community room, any of the three afternoons. A 65" screen and Wi-Fi are enough.

2 • Invite your members

One email and one post from you. We provide the words, the poster and your group's own link.

3 • Nominate one voice

A speaker (up to 10 minutes) or a panelist from your group, if you'd like.

How 1,000 adds up (a target, not a promise): 150 watch rooms × about 5 people ≈ 750, plus individual seats (\$27, recordings included) and our community. With your OK, founding member organizations are named in the Forum program and on stage.

Say yes in one step: reply "count us in."

Host kit and room details: pureexpertz.com/forum/host-kit.pdf · Program: pureexpertz.com/forum/run-of-show.pdf
