

AI IMPACT FORUM · NOV 12-14 · 1-4 PM CT

Host a room. Fill your tables on a weekday afternoon.

Three live afternoons for owners, families and local leaders, streamed into small local rooms of 12-40 people. You provide the room and the screen; we bring the program, the promotion and the people.

WHAT A HOST DOES

- Picks one or more afternoons: Thu 11/12 **Run the business**, Fri 11/13 **Protect the people**, Sat 11/14 **Build the systems**.
- Provides a room for 12-40 with a 65"+ TV or projector, sound, and Wi-Fi of 25 Mbps or more.
- Names one person on site (manager or server) to start the stream at 12:55 PM.
- Puts our table tent on each table and the poster at the door.

WHAT THE HOST GETS

- **Guests on a weekday afternoon.** The venue keeps all food and drink sales.
- Your venue on the Forum's rooms map, the room poster and our local promotion.
- Free guest registration through your own QR code, so you see who's coming.
- Room support all three afternoons.

BEFORE THE DAY

- **Tech Check: Thu Nov 5, 11:30 AM-12:30 PM CT**, in the member portal. Fifteen minutes on the room's own laptop and TV.
- We send the poster, table tents and the room's QR link one week ahead.

GUESTS

- **Guests attend free** and register with the room's QR code.
- Rooms are open to the public and to agents from every brokerage. A room sponsor, if any, is named on the poster only.

SAY YES IN ONE STEP
